Portfolio: https://ioa2nvva2ri0r.github.io/StrongJSMan/

About me

I mainly specialize in the development of **Frontend** parts of projects based on the **JavaScript** language. I have experience in the development of user interfaces, **SPA** applications, as well as in interaction with the server **API**. I like to use my obsessive attention to detail, I like to spend time fixing small details and optimizing them. I organize my work well, I like order and make every effort to realize the high quality of work. I am constantly working on myself, developing and learning something new, striving for excellence in my profession.

Education

Branch of the Educational Establishment "Brest State Technical University" Polytechnic College (Belarus, Brest)
